MEMORANDUM FOR: Deputy Director (Plans)
Director of Security

SUBJECT : Memorandum of Agreement for Entry of Aliens
under Specific Circumstances

The attached Memorandum of Agreement has been signed by the Attorney General for the Department of Justice and myself for the Central Intelligence Agency. It will be noted that in the third paragraph the Central Intelligence Agency agrees it will take all necessary steps to establish the bona fides of each respective entrant prior to submittal to the Immigration and Naturalization Service. This is an essential element in the performance of this Agreement, and in each case proposed for action under this Agreement, a specific statement as to the bona fides will be provided to the Immigration and Naturalization Service. In the event that insufficient information is available in any one case to make the determination as to bona fides, or if doubt exists on the basis of all information available, careful review will be made of such case to determine necessity for immediate entry. If the determination is made that immediate entry is required, full information, including our reservations or lack of information as to bona fides, will be transmitted to the Immigration and Naturalization Service together with our estimate of the danger, if any, to the internal security and the steps proposed by this Agency designed to minimize any such danger. Please ensure that all elements under your control are made aware of the contents of this memorandum.

ALLEN W. DULLES
Director
